

ANNUAL REPORT

APRIL 2022 - MARCH 2023

Joshua Tree National Park

OUR MISSION

To transform lives and communities through adaptive climbing opportunities that defy convention.

OUR VISION

Paradox Sports envisions a world with access to adaptive opportunities, which empowers individuals, builds communities, and honors the fact that ability does not prevent opportunity.

OUR VALUES

Paradox Sports recognizes the power of community engagement, personal growth, compassion, dignity, authenticity, and irreverence for those who say we can't.

DIRECTOR'S NOTE

Dear Friends,

Our mission of transforming lives and communities through adaptive climbing opportunities that defy convention is stronger than ever. Over the course of the last year, we have empowered individuals and communities by making climbing more accessible. We delivered national rock and ice climbing trips, educational opportunities which focused on training organizations in best practices, and built and continue to build local programs in order to create sustainable, accessible climbing programs. We accomplished this goal by partnering with some amazing organizations and with the continued support of our community. Together, we can be proud of our accomplishments as we work towards fulfilling our mission and vision, which is a world with access to adaptive opportunities, empowering individuals, building communities, and honoring the fact that ability does not stop opportunity.

This past year we implemented our new Strategic Vision, which is focused on investing in people, program growth, partnerships, and storytelling. This community collaboration culminated in serving over 600 people and delivering over 1,700 experiences! Additionally, our team delivered over 225 hours of adaptive climbing training hours in 15 states (and 2 countries!) while welcoming 30% of new participants to our community. We worked tirelessly to raise critical funds through a community-driven fall fundraiser and facilitated 13 Paradox Mile peer-to-peer campaigns.

We also delivered our nationally recognized climbing trips in five locations, serving 59 adaptive athletes and 24 volunteers. Our legacy programs took place in iconic locations such as Joshua Tree, Shelf Road, Shawangunks, North Conway, and Ouray, Colorado. These programs represent the heart and soul of our climbing community, each providing a unique platform to climb hard and build community.

Our Adaptive Climbing Initiative remains the industry standard for adaptive climbing training. Our courses consistently exceed participant expectations and help develop adaptive climbing communities across the country. We have developed a unique ecosystem of adaptive climbing opportunities that serve as the foundation for inspiring individuals and building communities. As part of our investment in people, we developed two exciting programs last year; our Community Fund, (which is in addition to our Adaptive Adventure Fund), which supports adaptive climbers in their personal development, and a new adaptive competitive climbing team!

As we look to next year, we remain committed to building adaptive climbing communities and increasing access and opportunities. Our 2023-2025 Strategic Plan will guide us as we pursue our goals of continuing the journey to being the nationally recognized leader in adaptive climbing, diversifying and expanding partnerships, increasing the capabilities of staff, and building an ever-growing ecosystem of adaptive opportunities! Thank you for your support as we strive to fulfill our mission!

“If you're thinking of trying it, go for it! You will feel safe and supported the whole time. Challenging yourself can be so rewarding, especially with such a fun group of guides and other adaptive climbers. I left feeling strong, brave and proud! Ready to take on the world, or at least more mountains! I can't wait to try another trip!!”

-Amy MacDonald | Gunks Trip Participant

GOT STUMP AWARD

2023 RECIPIENT: TREVOR HAHN

The Got Stump tradition began in 2003 to honor adaptive athletes living their best lives! What started as an auction for a stinky worn-out t-shirt (thanks Malcolm Daly:) to raise money, has transitioned into an award highlighting some of our most passionate community members.

Each year the Got Stump Award celebrates an individual who is setting the bar for adaptive climbing and life in general...showing everyone what is possible with a disability, and encouraging others to get involved in the climbing community. The Got Stump recipient is a leader, mentor, advocate, and friend to everyone in the Paradox Sports community and the greater adaptive climbing community. It is a great honor to receive this award!

YEAR IN REVIEW

In FY23, we exceeded all of our annual programming goals! With a new strategic plan, we invested in people, increased our program offerings, invested in partnerships and storytelling. Our national trips filled up in record time and our local program participation grew significantly, including our new Ice Skills 201 course in Lake City, CO. We delivered our Adaptive Climbing Initiative courses (ACI) all over the country; including at the AMGA Annual Conference, SORP National Outdoor Recreation Conference and at the University of Victoria in British Columbia.

Competitive Climbing Team

In March 2023, Paradox Sports attended the USAC Paraclimbing Nationals in Austin, TX. Our new **Competitive Climbing Team** has 6 athletes and 5 took podium spots; including 3 National Champions!

The group will be in Salt Lake City in May 2023 for the IFSC Paraclimbing World Cup and then onto the World Cup.

We created this team with the aim to expand our community and support climbers access to competitive climbing opportunities.

The Community Fund

Paradox Sports created a new grant, the **Community Fund**, to support members of our adaptive community in their pursuit of opportunity. The Community Fund will help members of the community further their education by providing funds for clinics, courses, certifications and more.

Since the fund began in December 2022, Paradox Sports has contributed grant money to assist the participation at an Adaptive Ice Climbing Clinic at the Bozeman Ice Fest and an SPI Course through the AMGA.

Adaptive Climbing Summit

In July of 2022, Paradox Sports hosted the **Adaptive Climbing Summit**. This first-of-its-kind event is a gathering of the nation's top adaptive climbing athletes, facilitators, community leaders, and disability experts. Adaptive climbing and competitive paraclimbing are constantly evolving. This summit will help you stay current with in-depth information and hands-on practice facilitated by adaptive climbing's most knowledgeable and experienced instructors.

PROGRAM OVERVIEW

Since 2007, Paradox Sports has paved the way for adaptive climbing and set industry standards for accessible climbing opportunities. Our programs consist of three main areas: Adaptive Climbing Initiative Courses, National Trips, and Local Programs (Colorado). We've thought long and hard about how we can have the biggest impact, expand opportunities all over the country, and build inclusive communities along the way.

ADAPTIVE CLIMBING INITIATIVE

In 2017, Paradox Sports launched the Adaptive Climbing Initiative (ACI), supported by the North Face. This comprehensive training program is designed to "train the trainers" - to get climbing facilitators, guides, students, recreational climbers, and volunteers the experience and equipment they need to offer quality adaptive climbing programs and to welcome people with disabilities into the climbing community.

NATIONAL TRIPS

Our National Trips have always been the heart and soul of our organization. These multi-day outdoor rock and ice climbing experiences are the best in the industry, and our participants join us year after year in some of the country's most spectacular and iconic climbing destinations.

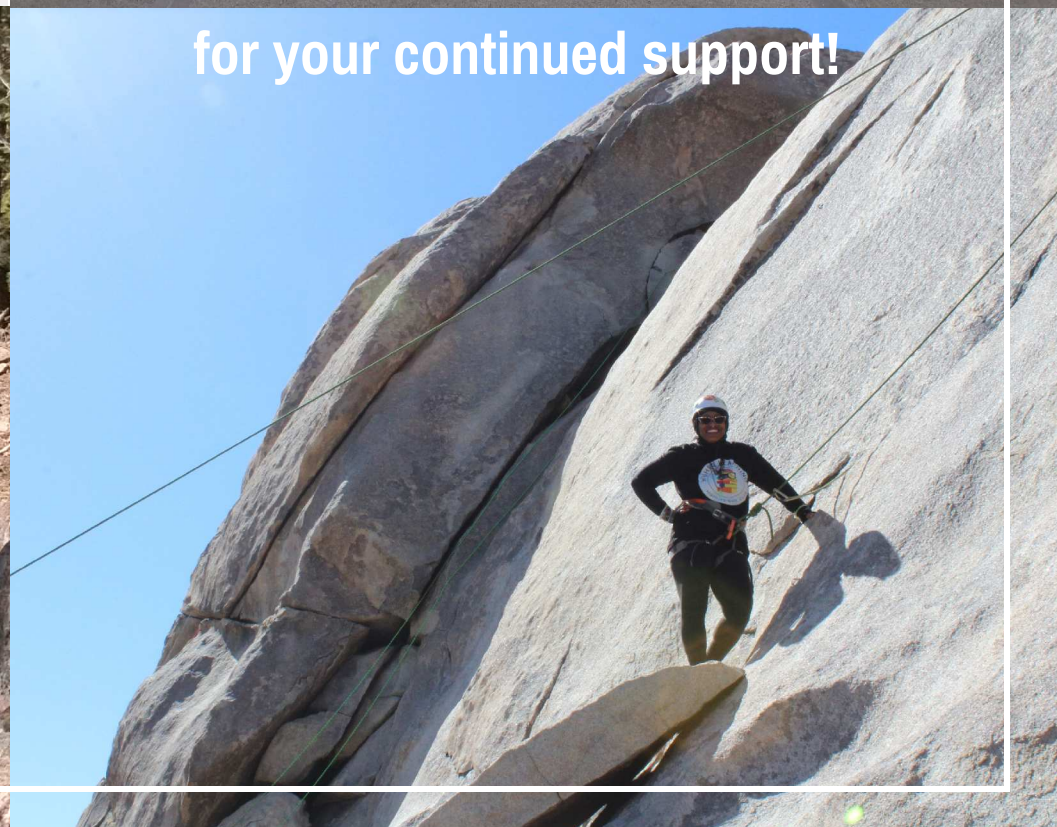

Our core annual National Trips include:

- Shelf Road | Rock Climbing | Colorado
- Yosemite NP | Rock Climbing | California
- Shawangunks | Rock Climbing | New York
- Rumney | Ice Climbing | New Hampshire
- Ouray Ice Park | Ice Climbing | Colorado
- Smith Rocks | Rock Climbing | Oregon
- Joshua Tree | Rock Climbing | California

LOCAL PROGRAMS

Our goal is to make every climbing gym and program in the country accessible to all abilities. Many people's first exposure to rock climbing is through a climbing gym. As climbing has recently grown in popularity throughout the United States, the sport is still not widely available to athletes with disabilities.

This is how we are able to grow our impact exponentially - by encouraging and empowering individuals and organizations who have completed an ACI Course to launch their own adaptive programs and establish frequent, recurring, local community events to expand opportunities with a grassroots approach.

FINANCIALS

Financial sustainability and fiscal responsibility are primary principles of the organization, and we have made an effort to guarantee the long-term financial stability of Paradox Sports.

GRANTS AND SCHOLARSHIPS

Paradox Sports offers a variety of grant and scholarship opportunities to members of the community to further develop their climbing skills and knowledge, support the climbing dreams of our adaptive community, and lessen the financial barrier for individuals to attend trips and programs. Grants are awarded based on merit, demonstrated through the application process, to individuals with physical disabilities who have an adventurous spirit, perseverance, and who take the initiative to set ambitious climbing goals.

A woman with blonde hair, wearing a black t-shirt and a climbing harness, is smiling while climbing a wooden wall. She is using several colorful climbing holds (purple, red, black, and blue). A large red hold is visible on the left. A rope is attached to her harness. In the background, another person is visible on a higher part of the wall.

THE PARADOX MILE. ONE MONTH. 5280 VERTICAL FEET.

The Paradox Mile is a month-long climb-a-thon to help us expand our network, increase awareness about our programs, and raise critical funding. To date, we have hosted over 37 Paradox Mile challenges at climbing gyms, VA facilities and universities across the country!

PARTNERS

Our Corporate, Foundation, and Community Partners are committed to our mission and our work. Paradox Sports offers sponsorship levels to suit the needs of every partner that wishes to support our mission. Sponsors know their contribution whether financial or in-kind are truly helping to transform lives and communities through adaptive climbing opportunities that defy convention.

JAMES B BOSKEY MEMORIAL FOUNDATION

A woman with long brown hair, wearing a grey tank top, olive green cargo pants, a black helmet, and a climbing harness, is ascending a light-colored rock face. She is smiling and looking towards the camera. She is using a red adaptive climbing device on her right leg, which is secured to the rock with a rope. A patterned bag is attached to her harness. The background is filled with lush green foliage and trees.

TOGETHER,
we're setting the bar for adaptive
climbing.
